Instructions for the Online Exam

- Revise your syllabus thoroughly and be online five minutes before the commencement of the examination.

- The URL will be sent to you in the class group by the subject teacher. Open the link to get the question paper.

- Choose a quiet place to sit with no disturbance and make sure the network connection should be good enough to avoid any glitch. Keep a paper, pencil in hand for solving numericals.

- Test can be attempted only once.

- Take these online exams seriously as marks will be recorded for evaluation in this academic session.

- In case of any query, you are requested to contact the concerned subject teacher.

- Be careful about the time limit and submit the exam in the given time slot, beyond which your response will be null and won't be considered for evaluation.

- The Test will be conducted under the supervision of Parents.
