### A MESSAGE FROM PRINCIPAL'S DESK

Greetings! Welcome students and parents to the new session 2020-2021 of SantNirankari Public School, Govindpuri. We are going through an unprecedented global predicament today. The COVID-19 pandemic and lockdown has brought many challenges along with it, but we are determined to overcome each and every one of it gradually. Our school has taken an initiative to conduct classes and activities virtually, breaking down the barriers that have come in the way of education of our children. Moreover, we have not just limited to scholastic curriculum activities, rather I must congratulate the students who have adapted the new system of digital education **IMPRESSIONS 2** is an absolute example of the Students and Teachers' collaboration. I am happy that my students have broken the barriers of class room oriented learning and showed the flight of their future. The zeal and enthusiasm shown by our students and faculty in such grave situation has helped us to work more hard and bring out the best from our children. I am looking forward to see the cheerful, charming faces and hear the laugh of my beloved children in the school again soon.

I wish everyone good health and safety.

Gratitude,H.O.S

## THE EARTH DAY

Earth day is an annual occurrence celebrated around the world on 22<sup>nd</sup> April to manifest support for environmental protection.

This year was supposed to celebrate its 50<sup>th</sup> anniversary but as we are facing pandemic "COVID -19", due to which we are not leading a usual life so we had celebrated this special day with the immense support of the enthusiastic students of SNPS, Govindpuri. During the virtual sessions, students took an oath to become earth saver and escalate awareness about the issues disturbing the earth. Further the students also showed their creativity by portraying earth's beauty in their pictures i.e. pollution free environment, flowing of clean water resources, positive impact on global warming etc.

Earth is the only planet to have life, save the earth.

## INTERNATIONAL DANCE DAY

**"DANCE IS THE HIDDEN LANGUAGE OF THE SOUL"**

In these tough times of pandemic, it's essential to boost up the spirit of young buddies by engaging them in the activities which give them enjoyment as well as learning. By realizing the need of the hour, SNPIANs enjoyed by performing INDIAN CLASSICAL DANCE MUDRAS taught by MsSimpYMaity. Students performed very well during the online dance session conducted on 29 April, 2020 which is the anniversary of the birth of Jean-Georges Noverre (distinguished French choreographer) who has given tremendous contribution in the field of Dance.

## MOTHER'S DAY

Mother, being a protector throughout her life loves her children unconditionally. She plays different role like a teacher, Bestfriend and one who is beside us under all circumstances

## SAMARPAN DIWAS- A DIVINE JOURNEY

Baba Hardev Singh Ji Maharaj devoted his whole life to fulfill the dream of "World Peace and Universal Brotherhood of Mankind". To achieve this objective, he enlightened mankind with the Divine Knowledge, all through the 36 years when he headed the Sant Nirankari Mission.

On this auspicious day of Samarpan Diwas on 13th May, 2020, students of SNPS, Govindpuri paid tribute to our beloved Baba Ji by remembering his teachings.

Baba Hardev Singh Ji Maharaj was an Epitome of Love, Compassion, Humility and Tolerance.

His teachings will always be practised by the innumerable devotees. His indelible imprints will be followed with honor and dedication by each and every member of the Nirankari Family.

As we all know that the humanity is facing tough time due to the pandemic Covid-19, So teachers shared a video clip elaborating the teachings and preachings of Babaji to carve the shape of students' inner pragmatic traits of love, passion, devotion and dignity for humanity.

## AN ONLINE APPROACH

As we know due to COVID -19 restrictions, the kids have to stay at home all the time and they become addicted to mobile and TV. So we thought of a plan to reach out to the kids via online and help the parents get systematic support.

Our school organized online virtual summer camp from 5th June to 15th June 2020.

The summer camp was a mix of creative, fun and brain-teasing activities.

Teachers have come up with innovative ideas to help children gain different life skills like saving water,

Concept of reduce, reuse and recycle, planting tree, maintaining a healthy life style through yoga / aerobics and a healthy diet.

The children also learnt many creative art and craft activities.
