BLESSINGS

CHAIRPERSON'S DESK

“ The illiterate of the 21st century will not be those who cannot read and write but those, who can not learn, unlearn and relearn. My vision for our students is to make them academically brilliant and spiritually blessed humans . Our students are given education with moral, ethical and divine virtues. These young minds of SNPS may shine like brights stars in the world forever. I extend my gratitude to the staff, parents and children who have been a constant support in maintaining our holistic school environment. ”

With Best Wishes

FROM MANAGER'S DESK

WORDS OF WISDOM

Success comes to those who work hard and stays with those, who don't rest on the goods of the past.

Today we live in the world where change is riding on accelerator pass and we need to pause and reflect on the entire education system. I firmly believe that students must be taught how to think and what to think. That reminds me of the great words of wisdom by Aristotle, 'Educating the mind without educating the heart is no education at all'. At SNPS we impart education to make the advancement of technology and globalization with the ethics of moral and ethical principles.

'Impressions' is the mirror reflecting the creativity of young minds of the school.

I extend my warm wishes to the HOS, staff and students to contribute this journey on the road of success.

Warm Regards
Neelam Batra

EMPOWERING WORDS.....

REFLECTIONS FROM PRINCIPAL'S DESK

A deep sense of satisfaction, gratitude, appreciation and joy surges through my heart as I greet everybody on the occasion of the release of 'Volume X of Impressions' Session 2022-23. As a part of Sant Nirankari Public Schools we SNPS, Govindpuri are committed to all students to be successful and responsible citizens who contribute and thrive in a diverse society. And, to ensure their success, we provide a rigorous and supportive academic experience that motivates all learners to meet high expectations.

We believe that every student can succeed and we offer multiple pathways towards that success. We provide a rich variety of co-curricular activities to help students create amazing memories and build upon real world skills to help them discover their passions.

I extend my heart felt greetings to all the students and staff associated in this endeavour impression of our students' and teachers' creativity is the epitome of the magazine.

In the pursuit of this journey, I appreciate my parents' fraternity for supporting us in every possible manner. May Nirankar bless us all...

Regards

READING CHALLENGE

100 days Reading Challenge Campaign was launched by CBSE for children to inculcate habit of reading among children. Students of SNPS, Govindpuri participated in many activities through images and short videos to develop the habit of reading books independently and develop their skills through an enjoyable and sustainable attempt. The 14 weeks campaign made students flexible and engaged in story telling through puppets, cooking through stories, magic spell, read and enact.

पेड़-पौधे प्रकाश संश्लेषण कार्य करते हैं जिसे अंग्रेजी में फोटोसिंथेसिस कहा जाता है। हम मनुष्य कार्बन डाइऑक्साइड छोड़ते हैं, जो पौधे सोख लेते हैं, उसके साथ जल और सूरज की किरणों की आवश्यकता होती है। पौधे प्रकाश संश्लेषण से ऑक्सीजन निर्माण करते हैं। जितने अधिक पेड़-पौधे होंगे उतना वातावरण में ऑक्सीजन का निवास होगा।

Pollution

There are lots of environmental problems nowadays, mainly because of pollution. It is the contamination of air, water and soil by different materials that interfere with human health and quality of life.

The emissions from industries and engines, including cars, are big causes of air pollution and simple things that we do at home, like using aerosols, have bad effects on the ozone layer, which protects life on Earth from ultraviolet radiation.

Water is also suffering from pollution by domestic, municipal and also industrial waste.

It is up to us to stop damaging the environment. We all should be environment friendly!

* Answer the following questions.

1. What is the biggest enemy of the environment?
2. What are the causes of air pollution?
3. What's wrong with aerosols?
4. What is the function of the Ozone Layer?
5. Why is water suffering from pollution?
6. Why do you think we should all be environment friendly?

* Complete the sentences with Should/Shouldn't do to save the Earth.

SHOULD

SHOULDN'T

1. We _____ burn trees.
2. We _____ walk or ride a bike to school.
3. We _____ leave the tap running when we're brushing the teeth.
4. We _____ turn off the lights and the Computer when we leave the room.
5. We _____ recycle waste paper, bottles and cans.
6. We _____ use aerosols.
7. We _____ use low energy light bulbs.
8. We _____ drop litter in the streets.
